Swing Kingdom

mighty playsets. serious fun.

ABOUT US

For loads of fun and family time, count on Swing Kingdom. A family operated manufacturer of premier vinyl playsets, we strive to design and build fine quality, affordable playsets perfect for children of all ages.

From the 500 square foot building where we started our business in 2000, to our current 43,000 square foot facility, Swing Kingdom has expanded to meet the growing demand for high quality, maintenance-free playsets. We were the first manufacturer to combine vinyl PVC and structural wood, along with stainless steel corner brackets and hardware for superior strength. Today, we continue to use only the finest quality materials to ensure safe, durable playsets built to offer years of enjoyment.

Our playsets are loaded with activities that will spark every child's imagination and encourage daily physical activity and never-ending fun!

Constructed with durable material, our residential vinyl playsets are a stress-free and maintenance-free way to encourage physical activity and a vivid imagination. Our Amish-crafted playsets are meant to last for years, making them a great investment for your backyard. Choose from a wide range of playsets and customize them to your needs!

PLAYHOUSE

A woman with long brown hair in a ponytail, wearing sunglasses and a grey sweater, is smiling and reaching out to a young child. The child is wearing a grey knit hat and a grey shirt, holding a round, golden-brown cookie. They are standing in front of a red wooden playhouse with a yellow slide. The playhouse has white trim around the windows and a string of red, white, and green beads hanging from the roof. The ground is covered in brown leaves and mulch. The background shows some trees and a clear sky.

The Playhouse Series gives children swings, slides, and a place to call their own, with room to let imaginations grow. This series is ideal for active imaginations and families of all sizes.

AERIAL VIEW

Swing Kingdom designs and builds the strongest vinyl playgrounds on the market. As the largest vinyl playground manufacturer in the United States, we have a proven reputation for premium craftsmanship.

For over 20 years, Swing Kingdom has been equipping commercial facilities with more than just swings and slides. Our safe and durable playgrounds launch active imaginations from a solid platform of maintenance free construction. As a family owned company, Swing Kingdom recognizes that everyone is unique. That is why, from rock walls to turbo twister slides, and swings to sandboxes, we offer accessories to match your distinct requirements. Our goal is to make sure our playgrounds are safe and fun for everyone.

COMMERCIAL

PLAYSETS

AGES 2-5

DESIGNED FOR LITTLE EXPLORERS

Swing Kingdom's commercial playsets for ages 2–5 are built for safe, engaging ground-level play. With shorter towers, wide platforms, and gentle access points, our sets make climbing, sliding, and exploring easy and fun for the youngest children.

Packed with age-appropriate activities like low slides, crawl tunnels, and interactive panels, these sets encourage imagination, coordination, and social interaction. Built with commercial-grade materials, the Tiny Collection combines safety, durability, and excitement—perfect for preschools, daycare centers, and community play areas.

AGES 5-12

BIG KIDS DESERVE BIGGER ADVENTURES

Swing Kingdom's commercial playsets for ages 5–12 are designed for adventurers ready for taller towers, larger climbing structures, and more challenging play. These sets combine ground-level activities with elevated platforms, giving kids multiple ways to climb, slide, and interact safely.

The Junior Collection is packed with features that encourage creativity, coordination, and active play. Built with durable, commercial-grade materials, these playsets are perfect for schools, parks, and community spaces—providing exciting, long-lasting play opportunities for bigger kids.

AGES 2-12

THE BEST WAY TO PLAY IS TOGETHER

Swing Kingdom's commercial playsets for ages 2–12 are our largest and most feature-packed structures. With multiple towers, climbing options, slides, and ground-level activities, these sets provide endless opportunities for children of all ages to explore, interact, and stay active.

Designed to bring kids of different abilities and ages together, these mighty playsets encourage cooperative play and social interaction. For even more fun, a metal swing frame can be added to any set—creating a dynamic, all-in-one playground experience that keeps kids engaged for hours.

TAKE A LOOK INSIDE

ENVIRONMENTALLY FRIENDLY PLAYGROUNDS

Being good environmental stewards is something that Swing Kingdom commits to wholeheartedly, which is why we consider it our responsibility to take care of the world around us. Wherever possible, we use high-quality, recycled materials as part of our manufacturing process to produce environmentally friendly playgrounds.

RECYCLED PLASTIC MATERIALS

Our unique approach utilizes recycled plastic milk jugs for deck boards on our playground equipment. This helps the environment by reducing the need for new wasteful plastics to be produced. How can plastic containers be used to create vital structural components for playgrounds?

Step 1: Milk jugs are cleaned, flattened, and placed into shredding machines that chip the plastic into small pieces.

Step 2: A heating process is used to bond together the plastic material and a coloring agent, adding color without using paint.

Step 3: A machine is used for making recycled poly for playground equipment. This machine ejects the recycled plastic into various sizes, which are then cut to length.

Did you know that recycling your plastic milk jugs helps immensely? A larger playground can use more than 70,000 milk jugs. Therefore, your recycling efforts, great or small, contribute to the creation of sustainable materials.

Playgrounds that are made of recycled plastic do not rust, peel, or produce splinters. Not only that, but the use of recycled materials saves landfill space, so it's a win-win situation for everyone.

SUSTAINABILITY OF WOOD COMPONENTS

Swing Kingdom's play structures are made of, pressure-treated natural select, outdoor wood that is encased in vinyl to provide a durable, low-maintenance structure for commercial use.

Pressure Treated Wood also has environmental benefits:

- The treatment extends the service life of the wood, which significantly reduces the demands on forests.
- When used as recommended, Pressure Treated Wood is harmless to people, plants, and animals.

1 ton of Rubber Mulch covers 300 square feet at 3" depth.

RUBBER MULCH

Swing Kingdom Rubber Mulch is designed to keep kids safer at play. This premium rubber surface delivers unmatched shock absorbency, providing up to 10 feet of fall height protection when properly installed. It dries quickly, never compacts or decomposes, and stays in place through any weather—making it a smart, long-term alternative to wood mulch.

Meets CPSC, ASTM F-1951, and ASTM F-1292 safety standards. Non-toxic, clean, and proudly made in the USA—guaranteed to last a lifetime.

Features/Benefits:

- Superior shock absorption
- Reduces playground injuries
- Non-toxic & insect resistant
- Won't fade, rot, or compact
- Minimal maintenance
- Won't stain clothing or skin
- Up to 60% savings vs. wood mulch
- Requires 50% less material
- GSA, ASTM & IPEMA certified
- Long-lasting color and durability

ARTIFICIAL PLAYGROUND TURF

Our Artificial Playground Turf provides a safe, durable, and low-maintenance surface for playgrounds of all sizes. Fully certified by IPEMA and meeting ASTM safety standards, this system combines high-quality turf with foam underlayment and infill to deliver superior impact protection. Children can play comfortably and safely, rain or shine, while the turf maintains its natural look and feel with minimal upkeep.

Features/Benefits:

- Meets ASTM F1292 standards for falls up to 12'.
- Drains rapidly after rain for faster return to play.
- No watering, mowing, or constant upkeep required.
- Stays cooler than other playground surfaces.
- Reduces allergies, resists dirt, and stays out of eyes, mouths, & hair.
- Realistic look enhances the playground environment.

POURED-IN-PLACE RUBBER

Poured-in-Place rubber surfacing by Swing Kingdom combines high tech polymer resins with rubber to create a resilient, non-skid surface that is virtually indestructible. Swing Kingdom rubber surfacing is professionally installed over your new or existing surface. This form of surfacing is available in many different colors to provide a safe, appealing look and feel.

COMMERCIAL ADD-ON ITEMS

ADA ACTIVITY CUBE

Ages: 2-12

The ADA Activity Cube is both interactive and environmental. Kids can interact with the panel on all sides. Perfect for an ADA addition to playgrounds with limited space available.

Overall Dimensions: 30" Wide x 31" Deep

Weight: 150 lbs.

Top: Checkers Board

Sides: Sign Language, Clock, Square Maze, Hexagon Maze

WHEELCHAIR SWING

Ages: 2-12

This ADA Wheelchair swing allows for a wheelchair bound child to experience the joy of swinging without leaving the comfort of their chair. This option can only be attached to a Commercial Metal Swing Frame.

Overall Dimensions: 12' Wide x 4' Deep x 8' High

METAL SWING FRAME

Ages: 2-12

Commercial Metal Swing Frames are recommended for all commercial playgrounds that want to have a swingset area. These frames are metal and are installed using concrete footers to eliminate swaying.

Choose from different colors, styles and lengths of commercial swing frames.

DREAM CENTER

Ages: 2-5

The Dream Center activity area is the perfect addition to any commercial playground. This ADA play center is full of ground level play options for children of all abilities.

Overall Dimensions: 10' Wide x 19' Deep x 4' High

Fun Items: 6'-6" Tower Tunnel, 2' x 5' Lemonade Stand with (2) Stools, Clock Panel, Bubble Panel

ADA TRANSFER STATION

Ages: 2-12

Our ADA transfer station can be added to most playsets. This allows access for wheelchair bound children to slide off their chair onto the platform and find their way to lots of fun. The metal powder coated hand bars and handrails make it easier for all to climb to new fun.

ADA WHEELCHAIR RAMP

Ages: 2-12

These ADA ramps are the perfect addition for playgrounds. These ramps make it easier for wheelchair bound children to transfer from surface to surface. ADA ramps can provide an accessible path from the edge of the playground to the play equipment. These ramps can also attach to our commercial grade borders.

Size: 60" Long x 42" Wide

WE WANT TO THANK YOU!

Thank you for choosing Swing Kingdom playsets to enhance your backyard and provide your children with the safest playset possible. We're sure you'll appreciate the value and convenience of a non-splintering, low maintenance playset that your children will enjoy for years. Our goal is to provide unmatched safety and comfort in an innovative playset design that encourages active play. Unlike wood, our vinyl playsets will remain smooth to the touch. The innovative poly decking is non-splintering, making it safe to play on day after day. The nontoxic, nonabsorbent vinyl material does not require the maintenance time and harsh chemical treatments that are necessary for wooden playsets. In addition, we use stainless steel hardware for extra strength.

We value your business. As a Swing Kingdom customer, you can always expect an excellent product along with the very best service we can provide! Thank you for joining the thousands of customers across the nation who chose Swing Kingdom.

- The SK Team

SWING KINGDOM WARRANTY

Swing Kingdom offers an extensive Limited Lifetime Warranty on your backyard playset. Scan here to visit our website for more details, or contact your local sales representative.

Please note that the product colors, availability, and specific details showcased in our print catalog are subject to change without prior notice. For safety and comfort reasons, Swing Kingdom reserves the right to make design and construction changes without notice. Please contact us for more details.
